

Plasmid name: pP[RS5]

Plasmid size: 8700 bp

Constructed by: K G

Construction date: ?

Comments/References: 200 bp FRTs added to pw6. One FRT in intron I using Bam/Bcl junction, second into polylinker at BamHI site. FRTs were PCR amplified with BamHI-SphI-FRT-SphI-BamHI ends added in the process. RS5 = Rearrangement Selector 5'. AKA = 312
