

COMPLIANCE FORM

Cell Line(s): _____

Purpose: _____

I hereby agree that above cell line(s) provided by Dr. Ryu Ueda at Mitsubishi Kagaku Institute of Life Sciences (MITILS) (hereinafter referred to as "Material") received by me from the Drosophila Genomics Resource Center (DGRC) is the proprietary property of MITILS and Mitsubishi Chemical Corporation (MCC) and distributed for research purposes only. I agree to use the Material(s) for only purpose described above, and not to sell or use for commercial purposes. I also agree not to distribute these to third parties. I further agree to cite the investigator(s) who developed the Materials and the DGRC in any publication(s) involving these Materials.

In addition, I will indemnify and hold harmless the MITILS, DGRC, and the Contributor from any claims, costs, damages, or expenses resulting from any injury or loss that may arise from the use of Materials. At the conclusion of the research for which Material was requested, I will dispose of unused Materials in an appropriate legal manner. I assume all risks and responsibilities in connection with the receipt, handling, storage and use of the Materials.
